Please join us February 24, 2010 for the return of the annual white elephant sale. It has been probably a decade since the last of this fundraising event. The format is simple. You bring numismatic stuff to donate. Then you buy somebody else's stuff via a live auction format. All proceeds go directly into the club treasury. It is a lot of fun. You can add to your collection. And we don't have to raise the dues! Even if you are not a regular attendee, you are encouraged to come this month and have a good time.

### **1125<sup>th</sup> meeting, Coffee Connection: The Montealegre Family in the Bay Area, California Federico Castillo** *(reviewed by Herb)*

Federico presented a very nice PowerPoint program on the tokens of one of Costa Rica's coffee-growing families and how the family has a connection to San Francisco and the greater Bay Area.

The Montealegres and Gallegos are two well-connected and wealthy Costa Rican families who earned their wealth and power through political connections, coffee growing, and intermarrying with each other.

Federico traced their origins and how they came to San Francisco using local Costa Rican history, the beginning of coffee growing, which replaced tobacco growing and led to their wealth, and the good fortune and opportunity they used in intermarrying with each other to consolidate wealth and power.

The tokens are quite charming, usually denominated by the differing containers in which coffee beans were loaded or picked, i.e., 1/8 basket, 1/4 basket, etc. Many have been counter-stamped by subsequent coffee plantation owners and many, perhaps most, were made in places other than Costa Rica.

### **January 2010 Exhibits**

Dan brought a late 90's Valley of the Moon, Vigilantes, Good for 25 cents in Trade token from the Sonoma Hotel & Bar.

Bill, a new member, brought three tokens that illustrate his collecting interests; a Flying "A" movie money token and two Moise (SF token maker) tokens, one from MAG & company (identified as M. A Gunst & Company) and one with Good For 5c In Trade and not much else to help identify it!

Whalen showed us a dime-size Heaton Mint coin from the Straits Settlements of Malaysia picturing Queen Victoria and dated 1882, and

a San Jose Coin Club medal showing two old San Jose movie palaces, one still operating and the other long closed.

Jerry (welcome back Professor!) brought a whole passel of San Francisco tokens, all featuring Spanish names, A. S. Calderon, Rodriguez, Lepis, and a number with city or place names, such as Santa Clara, San Jose, San Mateo, etc.

Ed exhibited new lighthouse tokens featuring issues from Macau, Uruguay, Alexandria, and Cape Hatteras.

Federico Castillo brought a "paper token" from Costa Rica, a piece of scrip money made by some of the Italian immigrants who came to the country after World War I.

Herb brought a bag of macerated currency obtained after a visit to the Federal Reserve Bank in Kansas City, MO and a very ornate engraved silver medal dated 08/18/1890 given to "Wertcheek" for "Boot Tools."

### **2010 Papers contest**

Articles are solicited for the next PCNS papers contest. The due date will be the April 2010 meeting. Authors are reminded that all illustrations and photos must have the permission to be used for publication. Also note that many images available on the internet are not in the public domain nor of high enough resolution to be suitable for the quality of publication that we envision. Full contest rules will be available on the PCNS website, [www.pcns.org](http://www.pcns.org).

### **Mini-writing contest**

The last page of the monthly Bulletin is a place where members can write a short summary on a numismatic topic of their choosing. A paragraph or two, with or without a photo will suffice. These mini presentations will then be judged at the December meeting and the "best" will be awarded a 1000<sup>th</sup> meeting medal set, courtesy of Herb! Please submit to the bulletin editor at [mf\\_wehner@yahoo.com](mailto:mf_wehner@yahoo.com).
